

## Anudaan

### Making Transplants Affordable - An Initiative By MOHAN Foundation

Pallavi Kumar, Jaya Jairam  
MOHAN Foundation, India

“Anudaan – Making Transplants Affordable” is an initiative launched by MOHAN Foundation in 2021 as a mark of its journey towards saving lives for the last 25 years. This initiative aims to provide financial assistance to the economically underprivileged, thus enable access to life-saving transplants. Most transplants take place in private sector hospitals and the prohibitive costs makes them inaccessible to the poor. Since hardly any government hospitals perform transplants, affordable transplants remain elusive to the poor. Anudaan has been providing partial contribution to the transplant cost of individuals and has been working with hospitals to bring down the transplant costs.

It is being supported by philanthropic individuals and corporate houses such as Century Plyboards India Limited, Edelweiss Tokio Life Insurance, Ethos Watch Boutiques and BNP Paribas. MOHAN Foundation also partners with like-minded

individuals and organisations such as THPF (Transplants Help the Poor Foundation), TANKER Foundation and MFJCF to name a few to share the transplant costs. We have also been raising funds on Milaap, our Crowdfunding partner. This quarter, six transplant individuals were supported, of which many were children under the age of 10 years. Anudaan aims to touch the lives of these individuals and help them achieve their aspirations.

Acknowledging the below for joining hands with MOHAN Foundation's 'Anudaan - Making Transplants Affordable' for extending part support to patients battling organ failure and unable to afford transplants.

- Ms. Jayalakshmi Jairam
- Mr. Sundeeep Kumar
- M/s. Choudhary International Pvt. Ltd
- Mr. Amit Bhatiani
- Ms. Runa Pradeep Baksi
- M/s. Dodla Parthasarathy Reddy and Lalithamma Trust
